Learning Resource Center

Vission

“The Learning Resource Center is a place where knowledge converges and strives to become a smart university library by 2030.”

Mission

“The Learning Resource Center develops academic resources and provides quality library services that support the teaching, learning and research processes of Can Tho University as well as the domestic and international university community.”

◆ Teaching methods of CTU

CTU applies a flexible, learner-centered model:

1. Blended learning
2. Flipped classroom
3. LMS platforms widely used

Proactively, the library exchanges and researches effective learning methods of students at CTU to provide effective services to support learners in accordance with changes in updated teaching methods.

◆ Library Strategies and Initiatives

1. Invest in digital resources
2. Open-access collaboration with global providers
3. Workshops on research and information skills
4. AI ChatBot for academic support
5. Library supports digital access
6. Provides scientific consultation & e-resources

◆ System Changes & Library Role

- Role shift: from lending to research support
- Provides scientific consultation & e-resources
- Develop ChatBot to support LRC digital materials and integrate with other modules such as acquisition, cataloging, reporting...
- Organized workshops on information skills, research methods, and citation
- Expanded group study areas, computer labs, and training rooms
- AI Station (5-10 full-accounts)

Challenges

- Budget constraints
- Rapidly changing user needs
- Sustainability of academic resource acquisition
- Coordinated digital transformation
- Adapting to teaching and learning in the Age of AI

Opportunities

- Collaboration and Partnerships
- Rising demand for digital learning & AI-integrated services
- AUN-QA standardization drives continuous improvement
